

Directions to Piccolo Campagna from the Airport at Florence

IF YOU ARE USING A GPS TO NAVIGATE IT CAN BE FOLLOWED ONLY AS FAR AS VALLINA, AS FROM THERE IT WILL TAKE YOU TO THE WRONG END OF OUR ROAD. THE 2 ENDS ARE NOT CONNECTED.

Immediately departing the airport follow the green signs to the Autostrada A1 and enter following the signs to Roma. Collect your ticket from the booth marked "Biglietto".

Head towards Roma until the Firenze Sud exit and pay the toll of 1.80 euro at the Biglietto booth.

Continue along the exit road at 70km per hour being careful not to speed as there is a speed camera just past the MacDonaldis. Take the first exit, marked Bagno A Ripoli and Pontassieve.

At the bottom of the exit ramp turn right onto Via Europa and continue straight following the signs towards Pontassieve. It is best to stay in the left lane as the road will split in two about 3km along the road. On entering this intersection come round about in the left lane immediately change to the right lane and follow signs for Pontassieve. The speed limit here is 50km/hr and there is a speed camera about 800 metres from this roundabout at the entrance to the village of Candeli.

Soon after passing through candeli the speed limit goes up to 70 km/hr and stays that way until the village of Vallina, where there is a speed camera at the entrance.

Passing through Vallina there are 3 sets of traffic light (but no traffic), about 200 metres past the 3rd set the main road will via left and a minor road will continue straight. Take the minor road heading to Case San

Romolo.

About 300 metres the road will fork again take the right fork.

Follow this road for about 4 km passing, on the left side of the road, the red house with a tower.

After turning the sharp left turn at the red house follow the road to the end of their garden and the road will take a sharp right turn. Go straight as if driving off the road, this is the entrance to Via Di Remoluzzo.

Follow the dirt road and you will come to 2 intersections, at the first via to the right at the second, about 50 metres further on, continue straight.

You will come to a red and white bar across the road. There will be a key to the pad lock hanging behind the letterbox.

Continue until you come to the green gate, and sound your horn, we will open the gate from the house.
